May we remind you of the great instructions of our African brothers Dr. Martin Luther King: "Change does not roll in the wheels of inevitability, but comes through continues struggle".

And Dr. Malcolm X: "Nobody can give you freedom; nobody can give you equality or justice or anything. If you are a man, you take it".

We are counting on your support to seek this change through justice, and make the African liberation a reality while thanking you in anticipation.

Signed
